

# Inspiring Community Leaders

2022 Schedule

Inspiring Community Leaders is a virtual series that engages a network of students and educators from the Engineers Without Borders movement and inspires them to continue to drive forward the movement for globally responsible engineering. The series will also provide a space for the whole movement to reflect on what has been achieved over the last year, as well as providing an opportunity for us to bring together our educators and Chapters, allowing them to learn from each other.

Our full schedule includes sessions that are suitable for all audiences, as well as those that are suitable for just Chapters.

You can find the specific series schedule on the following pages, alongside an overview of each session.

**Complete this form to register for Inspiring Community Leaders 2022**

Date	Time	Session	Audience
<b>Friday 22 April</b>	10:00 - 11:00	Session 1: Chapter celebration & reflection	Chapter committees, Chapter members, prospective Chapters, students within the movement
	11:30 - 12:30	Session 2: Improving education	Students and educators within the movement

	17:00 - 18:30	Ethics workshop	Students within the movement
<b>Wednesday 27 April</b>	13:00 - 14:30	Ethics workshop	Educators within the movement

# SESSION OVERVIEW

Inspiring Community Leaders

Please find below an overview of each session included in this years Inspiring Community Leaders.

Date	Session
<b>Friday 22 April</b> <b>10:00 - 11:00</b>  Students only	<b>Chapters Celebration and Reflection</b>  As we come to the end of another academic year, this session will provide an opportunity for us to reflect and celebrate the work of Engineers Without Borders UK Chapters. This session will also provide a place for Engineers Without Borders UK to share important updates regarding next academic year.
<b>Friday 22 April</b> <b>11:30 - 12:30</b>  Students and educators	<b>Improving Education</b>  To achieve social and environmental justice, we need those working in and around engineering to commit to global responsibility. This session will allow us to understand the key challenges students and academics are facing right now and provide a space for both students and educators to discuss how we can collectively provide solutions to these challenges.
<b>Tuesday 26 April</b> <b>10:00 - 11:30</b>  Students and educators	<b>Inspire - how to be more globally responsible</b>  The purpose of this training series is to inspire and energise our students and educators about the impact they can have, ensuring you are equipped with the next steps for building your engagement and commitment to global responsibility. This session will focus on what inspires you and provide you with a space to commit to an individual and collaborative action plan, focused on how we can make change within education.

Ethics workshops	
<b>Tuesday 26 April</b> <b>17:00 - 18:30</b>  Students only	A 90-minute interactive workshop on engineering ethics, will provide participants with the opportunity to: <ul style="list-style-type: none"> <li>Engage in critical reflection about engineering and its impacts.</li> <li>Engage in constructive debate, and hear from various positions on ethical issues and how to navigate tensions in your work.</li> </ul>
<b>Wednesday 27 April</b> <b>13:00 - 14:30</b>  Educators only
